

An idea has been promoted that could allow our devotees to receive and give care, but in a time frame that would be manageable. **There will be 12 devotee groups based largely on geographical location.** Each group will have a captain(s) that will help to organize their neighborhood to serve the community's needs for one month each year.

The Neighborhood Group Captain will be guided and supported by the core Devotee Care team. The Neighborhood Group will take on the responsibility of caring for those in need for the month of service.

We Are Happy You're Here!
See Where You Fit In
